

Maternal Child Health

The Maternal and Child Health Service (MCH) provides a comprehensive and focussed approach to the promotion of physical, emotional and social health and well-being of families in the Mansfield community.

Your Maternal Child Health Nurse will build a relationship with you, your child and your family.

They will seek to give you the very best support and latest information so as to promote your child's development and your well-being as their parent.

This service is funded by the Department of Education and Early Childhood Development and Mansfield Shire Council, and is free to all families with children from birth to six years.

The Maternal Child Health also offers the Mums, Bubs and Family Well-Being service which is tailored to your needs and can include additional home visits, specialist consultations, and linking you to additional supports that you may request.
